Dear SARA ASKIN:

The September 11th Victim Compensation Fund ("VCF") has reviewed your Eligibility Form. You submitted an Eligibility Form on behalf of HASKELL ASKIN. Your claim number is VCF0082489. Your Eligibility Form was determined to be substantially complete on January 07, 2019. As stated in the Regulations and on the claim form, by filing a substantially complete Eligibility Form, you have waived your right to file or be a party to a September 11th-related lawsuit on behalf of the decedent and his or her survivors.

The Decision on your Claim

The VCF has determined that the decedent has met the eligibility criteria established in the statute and regulations. Based on the information you submitted and information the VCF has received from the World Trade Center ("WTC") Health Program, the decedent has been found eligible for the following injuries:

- MALIGNANT NEOPLASM OF THE ESOPHAGUS

Please note that there are several reasons why an injury that you think should be eligible is not listed above. For non-traumatic injuries, the name of the injury is based on the information provided by the WTC Health Program and there may be different names for the same injury. Additionally, your injury may not be listed if it was only recently certified for treatment by the WTC Health Program.

If in the future the WTC Health Program should notify you that a condition previously found eligible is no longer certified, you must inform the VCF as this may affect your eligibility status and/or the amount of your award.

What Happens Next

If the decedent was certified for treatment by the WTC Health Program for a condition not listed above, you should amend your claim. Please see the VCF website for details on how to amend your claim. The VCF will review the new information and determine if it provides the basis for a revised decision.

If you believe the decedent had eligible injuries not treated by the WTC Health Program and you would like the VCF to consider those injuries before calculating the amount of any compensation, you should amend your claim. If you choose to amend your claim, you will need

September 11th
Victim Compensation Fund

to use the VCF Private Physician process. The Private Physician process is a way for the VCF to gather the required information about the decedent's treatment in order to process your claim. All forms are available on the VCF website under "Forms and Resources." The website also includes detailed information and instructions on the Private Physician process.

If the decedent did not have injuries other than those listed above, you should submit your Compensation Form and required supporting materials. If you have already submitted your Compensation Form, you do not need to take any action at this time unless you receive a request from the VCF for missing information. The VCF will calculate the amount of any compensation based on the conditions listed above after all compensation-related documents are submitted.

If you have questions about the information in this letter or the claims process in general, please call our toll-free Helpline at 1-855-885-1555. For the hearing impaired, please call 1-855-885-1558 (TDD). If you are calling from outside the United States, please call 1-202-514-1100.

Dear JOYCE BAROCAS:

The September 11th Victim Compensation Fund ("VCF") previously sent you an Eligibility determination letter on May 21, 2015 for the claim you submitted on behalf of SHELDON BAROCAS. Your claim number is VCF0018232. The letter included a list of condition(s) deemed eligible for compensation. You then amended your claim to add one or more new conditions.

The VCF has considered your amended claim and reviewed the new information you provided. This letter sets forth the revised eligibility determination and supersedes and replaces the previous letter.

The Decision on your Claim

Based on the information you submitted and information the VCF has received from the World Trade Center ("WTC") Health Program, the decedent has been found eligible for the injuries listed below. *This list includes all injuries for which the decedent has been found eligible.*

- ASTHMA, UNSPECIFIED, UNSPECIFIED STATUS
- ESOPHAGEAL REFLUX
- PROSTATE CANCER (WITH METASTASES)

If in the future the WTC Health Program should notify you that a condition previously found eligible is no longer certified, you must inform the VCF as this may affect your eligibility status and/or loss calculation.

What Happens Next

You must submit your compensation form and supporting documents. The VCF will determine the amount of any compensation based on the eligible injuries listed above. We will begin calculating the loss amount once you submit your Compensation Form and the required supporting documents.

If you have questions about the information in this letter or the claims process in general, please call our toll-free Helpline at 1-855-885-1555. For the hearing impaired, please call 1-855-885-1558 (TDD). If you are calling from outside the United States, please call 1-202-514-1100.

Dear CHASE BRENNEISEN:

The September 11th Victim Compensation Fund ("VCF") has reviewed your Eligibility Form. You submitted an Eligibility Form on behalf of RONALD BRENNEISEN. Your claim number is VCF0083635. Your Eligibility Form was determined to be substantially complete on September 03, 2017. As stated in the Regulations and on the claim form, by filing a substantially complete Eligibility Form, you have waived your right to file or be a party to a September 11th-related lawsuit on behalf of the decedent and his or her survivors. Injuries that were found eligible by the first iteration of the September 11th Victim Compensation Fund that operated from 2001 to 2004 ("VCF1")

The Decision on your Claim

The VCF has determined that the decedent has met the eligibility criteria established in the statute and regulations. Based on the information you submitted and information the VCF has received from the World Trade Center ("WTC") Health Program, the decedent has been found eligible for the following injuries:

- ASTHMA, UNSPECIFIED, UNSPECIFIED STATUS
- CHRONIC AIRWAY OBSTRUCTION NEC
- ESOPHAGEAL REFLUX
- MALIGNANT NEOPLASM - PANCREAS

Although the decedent's VCF1 injuries are again eligible under the current VCF, it does not necessarily mean that you are entitled to receive additional compensation. Because you were previously compensated by VCF1 for some or all of these injuries, you must show that the condition has worsened, that you have been certified for treatment by the WTC Health Program for a new condition, or that you have a new loss associated with a previously eligible condition. For example, if the decedent had been determined to be disabled from these conditions since receiving the VCF1 award and that award did not include future lost earnings, you may be eligible for that loss now.

Note that the amount of compensation received in VCF1 will be considered when determining whether additional compensation should be awarded. As a general rule, the compensation received in VCF2 will be calculated based on the amount of compensation any similarly situated person who filed a claim only in VCF2 would receive; any compensation received in VCF1 will

September 11th
Victim Compensation Fund

then be applied as an adjustment to the award. For more information regarding the ability to participate in the VCF after submitting a claim in VCF1, please see the www.vcf.gov website.

Please note that there are several reasons why an injury that you think should be eligible is not listed above. For non-traumatic injuries, the name of the injury is based on the information provided by the WTC Health Program and there may be different names for the same injury. Additionally, your injury may not be listed if it was only recently certified for treatment by the WTC Health Program.

If in the future the WTC Health Program should notify you that a condition previously found eligible is no longer certified, you must inform the VCF as this may affect your eligibility status and/or loss calculation.

What Happens Next

If the decedent was certified for treatment by the WTC Health Program for a condition not listed above, you should amend your claim. Please see the VCF website for details on how to amend your claim. The VCF will review the new information and determine if it provides the basis for a revised decision.

If the decedent does not have injuries other than those listed above you should submit your Compensation Form and required supporting materials. If you have already submitted your Compensation Form, you do not need to take any action at this time unless you receive a request from the VCF for missing information. The VCF will calculate the amount of any compensation based on the conditions listed above after all compensation-related documents are submitted.

Dear PATRICIA HESS:

Your Eligibility Form for the September 11th Victim Compensation Fund ("VCF") has been reviewed. You submitted an Eligibility Form on behalf of ROBERT HESS. Your claim number is VCF0010919. The Claims Evaluator determined that your Eligibility Form was substantially complete on May 13, 2015. As stated in the Regulations and on the Eligibility Form, by filing a substantially complete Eligibility Form, the right to file or be a party to a September 11th-related lawsuit on behalf of the decedent and his or her survivors has been waived. For more information about this topic, please review Frequently Asked Questions ("FAQs") #7.1 - #7.4 on the www.vcf.gov website.

The Decision on your Claim

The VCF has determined that the decedent meets the eligibility criteria established in the statute and regulations and that you meet the requirements as the Personal Representative of the decedent. Based on the information you submitted and information the VCF has received from the World Trade Center ("WTC") Health Program, the decedent has been found eligible for the following injuries:

- LUNG CANCER AND RELATED PHYSICAL CONDITIONS: PNEUMONIA
- LUNG CANCER AND RELATED PHYSICAL CONDITIONS: SEPSIS; RENAL FAILURE

Please note that there are several reasons why an injury that you think should be eligible is not listed above. For non-traumatic injuries, the name of the injury is based on the information provided by the WTC Health Program and there may be different names for the same injury. Additionally, the injury may not be listed if it was only recently certified for treatment by the WTC Health Program.

If in the future the WTC Health Program should notify you that a condition previously found eligible is no longer certified, you must inform the VCF as this may affect your eligibility status and/or loss calculation.

What Happens Next

If the decedent was certified for treatment by the WTC Health Program for a condition not listed above, you should amend your claim. Please see the VCF website for details on how to

Dear JOSHUA OLOJO:

Your Eligibility Form for the September 11th Victim Compensation Fund ("VCF") has been reviewed. Your claim number is VCF0073839. The Claims Evaluator determined that your Eligibility Form was substantially complete on February 5, 2016. As stated in the Regulations and on the Eligibility Form, by filing a substantially complete Eligibility Form you have waived your right to file or be a party to a September 11th-related lawsuit. For more information about this topic, please review Frequently Asked Questions ("FAQs") #7.1 - #7.4 on the www.vcf.gov website.

The Decision on your Claim

The VCF has determined that you meet the eligibility criteria established in the statute and regulations. Based on the information you submitted and information the VCF has received from the World Trade Center ("WTC") Health Program, you have been found eligible for the following injuries:

- LEIOMYOSARCOMA - LEFT FLANK (WITH METASTASES) AND RELATED PHYSICAL CONDITIONS: LUMBAR PAIN
- LEIOMYOSARCOMA - LEFT FLANK (WITH METASTASES) AND RELATED PHYSICAL CONDITIONS: LUMBAR RADICULOPATHY

Please note that there are several reasons why an injury that you think should be eligible is not listed above. For conditions claimed through the VCF Private Physician process, the condition may have been found not eligible for compensation. Please see the enclosed "Conditions Not Eligible for Compensation" document for a more detailed explanation. Additionally, for non-traumatic injuries, the name of the injury is based on the information provided by the WTC Health Program and there may be different names for the same injury. Lastly, your injury may not be listed if it was only recently certified for treatment by the WTC Health Program.

If in the future the WTC Health Program should notify you that a condition previously found eligible is no longer certified, you must inform the VCF as this may affect your eligibility status and/or loss calculation.

What Happens Next

If you do not have injuries other than those listed above, you should submit your Compensation Form and required supporting materials. If you have already submitted your Compensation Form, you do not need to take any action at this time. When you receive the letter with your loss calculation decision, you will have the right to appeal. In that appeal, you

September 11th

may include additional injuries you believe are eligible and for which you should be compensated. Instructions for the appeal process will be included in your loss calculation decision letter.

If you have been certified for treatment by the WTC Health Program for a condition not listed above, you should amend your claim. Please see the VCF website for details on how to amend your claim. Once you have amended your claim, the VCF will contact the WTC Health Program to confirm the condition is eligible.

If in the future you are diagnosed with a new 9/11-related condition or if the WTC Health Program certifies you for treatment for a condition that was not previously certified, you may amend your claim. The VCF will review the new information and determine if it provides the basis for a revised decision. Please see the VCF website for additional details on how to amend your claim and the specific circumstances that may be appropriate to request an amendment.

If you have questions about the information in this letter or the claims process in general, please call our toll-free Helpline at 1-855-885-1555. For the hearing impaired, please call 1-855-885-1558 (TDD). If you are calling from outside the United States, please call 1-202-514-1100. Every effort will be made to respond to your inquiries as soon as possible.

Conditions Not Eligible for Compensation

Claim Number: VCF0073839
Claimant Name: Joshua Olojo

Claimed Condition	Reason for Ineligibility
Degenerative Disc Disease	Condition Not Covered: The condition could not be verified as eligible for compensation because it is not a WTC-related condition, or it is a medically associated condition without a corresponding WTC Health Program verified or certified condition, as determined by the regulations. A list of WTC-related conditions is available in FAQ #2.8 on the www.vcf.gov website.
Hypertension	Condition Not Covered: The condition could not be verified as eligible for compensation because it is not a WTC-related condition, or it is a medically associated condition without a corresponding WTC Health Program verified or certified condition, as determined by the regulations. A list of WTC-related conditions is available in FAQ #2.8 on the www.vcf.gov website.
Pulmonary Nodules	Condition Already Approved: The condition is not eligible for compensation because it is the same as a condition that has already been found eligible. The condition was previously deemed eligible under a different name.
Aortic Regurgitation	Condition Not Covered: The condition could not be verified as eligible for compensation because it is not a WTC-related condition, or it is a medically associated condition without a corresponding WTC Health Program verified or certified condition, as determined by the regulations. A list of WTC-related conditions is available in FAQ #2.8 on the www.vcf.gov website.

This summary includes only those conditions recently reviewed by the VCF. If you claimed conditions not listed above and they were previously deemed ineligible for compensation, they remain ineligible unless you have been subsequently notified in writing by the VCF that the condition has been approved.

Dear PAULA RAPPE:

The September 11th Victim Compensation Fund ("VCF") has reviewed your Eligibility Form. You submitted an Eligibility Form on behalf of LARRY RAPPE. Your claim number is VCF0110931. Your Eligibility Form was determined to be substantially complete on March 18, 2019. As stated in the Regulations and on the claim form, by filing a substantially complete Eligibility Form, you have waived your right to file or be a party to a September 11th-related lawsuit on behalf of the decedent and his or her survivors.

The Decision on your Claim

The VCF has determined that the decedent has met the eligibility criteria established in the statute and regulations. Based on the information you submitted and information the VCF has received from the World Trade Center ("WTC") Health Program, the decedent has been found eligible for the following injuries:

- PULMONARY FIBROSIS UNSPECIFIED

Please note that there are several reasons why an injury that you think should be eligible is not listed above. For non-traumatic injuries, the name of the injury is based on the information provided by the WTC Health Program and there may be different names for the same injury. Additionally, your injury may not be listed if it was only recently certified for treatment by the WTC Health Program.

If in the future the WTC Health Program should notify you that a condition previously found eligible is no longer certified, you must inform the VCF as this may affect your eligibility status and/or the amount of your award.

What Happens Next

If the decedent was certified for treatment by the WTC Health Program for a condition not listed above, you should amend your claim. Please see the VCF website for details on how to amend your claim. The VCF will review the new information and determine if it provides the basis for a revised decision.

If you believe the decedent had eligible injuries not treated by the WTC Health Program and you would like the VCF to consider those injuries before calculating the amount of any compensation, you should amend your claim. If you choose to amend your claim, you will need to use the VCF Private Physician process. The Private Physician process is a way for the VCF to gather the required information about the decedent's treatment in order to process your claim.

Victim Compensation Fund

All forms are available on the VCF website under "Forms and Resources." The website also includes detailed information and instructions on the Private Physician process.

If the decedent did not have injuries other than those listed above, you should submit your Compensation Form and required supporting materials. If you have already submitted your Compensation Form, you do not need to take any action at this time unless you receive a request from the VCF for missing information. The VCF will calculate the amount of any compensation based on the conditions listed above after all compensation-related documents are submitted.

If you have questions about the information in this letter or the claims process in general, please call our toll-free Helpline at 1-855-885-1555. For the hearing impaired, please call 1-855-885-1558 (TDD). If you are calling from outside the United States, please call 1-202-514-1100.

Dear VICTOR CINO:

The September 11th Victim Compensation Fund ("VCF") previously sent you an Eligibility determination letter on September 02, 2015 for the claim you submitted on behalf of ANITA RIZZO-CINO. Your claim number is VCF0070008.

The letter included the reason(s) your claim was deemed ineligible for compensation. You then amended your claim and provided additional information not previously submitted to the VCF.

The VCF has considered your amended claim and reviewed the new information you provided and has determined that you meet the eligibility criteria established in the statute and regulations. Based on the information you submitted and information the VCF has received from the World Trade Center ("WTC") Health Program, you have been found eligible for the following injuries:

- OVARIAN CANCER (WITH METASTASES)

Please note that there are several reasons why an injury that you think should be eligible is not listed above. For non-traumatic injuries, the name of the injury is based on the information provided by the WTC Health Program and there may be different names for the same injury. Dear PEGGY WATERS:

The September 11th Victim Compensation Fund ("VCF") previously sent you an Eligibility determination letter on July 22, 2015 for the claim you submitted on behalf of GREGORY WATERS. Your claim number is VCF0069210. The letter included a list of condition(s) deemed eligible for compensation. You then amended your claim to add one or more new conditions.

The VCF has considered your amended claim and reviewed the new information you provided. This letter sets forth the revised eligibility determination and supersedes and replaces the previous letter.

The Decision on your Claim

Based on the information you submitted and information the VCF has received from the World Trade Center ("WTC") Health Program, the decedent has been found eligible for the injuries listed below. *This list includes all injuries for which the decedent has been found eligible.*

- ASTHMA (MAPS TO ZADROGA CONDITION ASTHMA)
- GERD (MAPS TO ZADROGA CONDITION GERD)
- MALIGNANT NEOPLASM OF BASE OF TONGUE

Please note that there are several reasons why an injury that you think should be eligible is not listed above. For non-traumatic injuries, the name of the injury is based on the information provided by the WTC Health Program and there may be different names for the same injury. Additionally, your injury may not be listed if it was only recently certified for treatment by the WTC Health Program.

If in the future the WTC Health Program should notify you that a condition previously found eligible is no longer certified, you must inform the VCF as this may affect your eligibility status and/or loss calculation.

What Happens Next

You submitted the Compensation portion of your claim form. The VCF will contact you if additional information is needed in order to calculate your award. **If you believe the new**

condition(s) changes your compensation claim, you should amend your claim. For example, if your new condition is the reason the decedent was not able to work, you should provide that information to the VCF by amending your claim. Please see the www.vcf.gov website for additional details on how to amend your claim.

If the newly eligible condition(s) does not change your compensation claim, you do not need to take any action at this time.

If you have questions about the information in this letter or the claims process in general, please call our toll-free Helpline at 1-855-885-1555. For the hearing impaired, please call 1-855-885-1558 (TDD). If you are calling from outside the United States, please call 1-202-514-1100.
